

TEACHERS MEET TO COMPARE NOTES

SOUTHERN WISCONSIN ASSOCIATION IN SESSION.

Interesting Discussions on Topics of Interest to Educators—Papers All Displayed a Keen Sense of the Importance of Training the Young to Habits of Study.

The city was thronged today with school teachers from every part of Southern Wisconsin. The ladies were most numerous and conspicuous, and in their gay ribbons and costly feathers they made a pretty picture as they thronged the seats in the High school. It was a merry, chattering throng until the president of the association called to order, and then a hush came and every one present paid close attention to what was said.

The address of President H. C. Buell was able and scholarly, free from all trace of pedantry. He spoke particularly of the need of earnest care on the part of teachers in ascertaining the dispositions of the young placed under their care. Early impressions obtained in the school room were likely to last through life, and therefore pains should be taken to make those impressions pleasant and tending towards noble aims and purposes. It should be borne in mind that the child is father to the man, and therefore his aspirations should be turned in the right direction.

Miss Lottie Stearns, of Madison, read a paper on "The Boy and His Book." She sought to show that character is formed in the young by the books that are read; hence the importance of seeing to it that none but good books are placed within his reach.

M. V. O'Shea, of the state university, followed with a few remarks on "Principles of Growth in Childhood and Youth." He illustrated his remarks by the use of appropriate charts. He took a broad view of the mission of the public schools, praising them as the foundation of the people's intelligence and the bulwark of liberty. A discussion led by Prof. A. P. Hollis, of Wauwatosa, followed, consuming the time till the noon recess.

In the afternoon the association met in sections. The High school section was led by M. H. Jackson, of Columbus, and papers were read by Ada T. Griswold, of Columbus, on "Let Him First Be a Man"; by Prof. W. A. Scott, of the state university, on "Some Weak Points in High School Teaching"; on "A Few Shortcomings of Our High School," by Prof. C. E. Patzer, of Milwaukee; and on "The Five Years' Course of Study," by Principal H. A. Whipple, of Whitewater. Brief discussions followed each paper.

A general discussion on "Athletics" followed, participated in by quite a number of prominent teachers. It was the general opinion that athletic sports among the pupils should be encouraged to a limited extent, but that their pursuit should not be permitted to interfere with the prosecution of studies. There was some diversity of opinion as to the propriety of encouraging certain classes of sports, such as football, but there was a general agreement that all healthful and harmless pastimes contributed to the physical development of the pupils and rendered them more capable of enduring the fatigue of their studies and confinement in the schoolroom.

In the grammar school section Chester W. Smith, of Kilbourn, was the leader, and opened the proceedings with a brief address on "Grammar and Language," showing how important a part the study of grammar had in leading the young to a correct use of their mother tongue.

Miss M. Andrews, of Evansville, called attention to the many incongruities in speech, and endeavored to point out a means by which they might be harmonized.

"The Relations of Grammar to Language" was the theme of Miss May Lewis, of Brodhead, and it was handled in a very complete and interesting manner. Miss Emma Downing spoke of "Constructive Language Work" most entertainingly.

In the intermediate grade section Miss Kate C. Mavity, of the Whitewater Normal school, was leader and made a brief address on the importance of correct reading. Prof. Robert Rienow, of Whitewater, followed with "Some Practical Ideas for Middle Form Reading," while Miss Frances Bradley, of Beloit, and Miss Rose Glessner, of the same city, treated of "How to Realize These Ideas," the former viewing it from the standpoint of the child's ability to interpret thought, and the latter from the view of the child's ability to express thought.

In the primary section the leader was Elizabeth M. Allen, of the Milwaukee Normal school, and the subject for discussion was "Primary Work as the Foundation of All School Work." Miss McCune, of Edgerton, read a thoughtful paper on "The Literary Value of Reading Work." Miss Adele Smith, of Beloit, followed with a clever paper on "Number Work—Its Purpose and Scope," which received close attention.

CHILD FATALLY BURNED

Terrible Accident Occurring at a Farm Near Plainfield This Morning.

Plainfield, Wis., Dec. 3.—[Special]—A very painful and probably fatal accident happened to the six months' old child of Mr. and Mrs. Dupree, residing on the Hubbell farm, in the southwestern part of town. The child fell from a high chair on a hot kitchen stove and was terribly burned. By the time the mother reached the burning child the room was filled with smoke caused by the infant's flesh, which was roasted, and on one cheek a large hole was burned to the cheek bone and one little hand burned to a crisp.

BURKETOLD THE TRUTH

Nevertheless He is Expelled from the Bar at Cleveland by His Associates.

Cleveland, O. Dec. 3.—[Special]—The court of inquiry appointed by the bar association to try State Senator Burke on the charge of slandering Judge Delenbaugh finds Burke guilty, and recommends that he be expelled from the bar association. The court also finds that the charges made by Burke against the judge are substantially true, but that he had no business to make them as he did.

A FINE PLAY FOR TONIGHT

Tim Murphy in "The Carpetbagger" Will Charm His Audience Tonight.

The appearance of Tim Murphy in "The Carpetbagger" tonight, at the Myers Grand opera house, deserves the generous patronage of our citizens. It is his first visit to Janesville, but "that is no reason why he should not be received by a crowded house. Joseph Jefferson and Col. Smith Russell are names with which the public are thoroughly familiar. It is by their work on the stage that they have become endeared to the public. So it is with Tim Murphy, who will fascinate all by the charm of his acting, which will linger in the memory of those who see him for years to come.

Mr. Murphy is a great actor—great as Richard Mansfield is great, great as Nat Goodwin is great, great as Joseph Jefferson is great. They have each a distinct method, and so has Tim Murphy, whose originality, quiet but effective delivery and personal magnetism are sure to enthrall his audience.

In "The Carpetbagger" he will present a play that is full of "atmosphere." That is to say it is a story of the south just after the rebellion, when Northern politicians took possession of state offices and administered them for their personal gain. As the governor of Mississippi he starts upon his campaign with an empty carpet bag and strange to relate he leaves the office with his carpet bag still empty. Love of a true, good woman has taught him there is more in life than money grabbing. The play is rich in refined comedy and laughter is caused frequently throughout the play. Mr. Murphy is ably supported by what will be seen to be one of the very best companies that has been seen in Janesville. The leading number of the company is Miss Dorothy Sherrod, a charming ingenue, who will give local color in her costumes to the period of the play. The special scenery will contribute to the general enjoyment of the performance.

OSHKOSH WANTS THE PEN FACTORY

LOCAL FIRM HAVE A MOST TEMPTING OFFER

Parker Pen Company Would Receive a Modern Factory in the Sawdust Town If They Will Only Locate There—Take Proposition Under Consideration—Others Interested.

Oshkosh is after the Parker Pen company of this city. It has made them a tempting offer to move their factory to that city, and the local firm now have this offer under consideration.

The proposition comes from the business men of that city, headed by E. W. Weisbrod, a real estate dealer. The offer made is that if the local firm will only move their factory there they will give them a clear title to a modern two-story factory that was erected three years ago, and is today equipped with all modern appliances, including a steam plant and electric lights. Eight lots, each 50x120 feet, are included in the offer, and the total value of the property would foot up several thousand dollars. All Oshkosh asks is for the local firm to pay \$1,000, and even on this point they do not seem to insist.

When Messrs. Parker & Palmer, of the local firm, were seen this morning they stated that such a proposition had been made to them, but that as yet they had not given a definite answer.

The Parker Pen company is today employing a force of about forty hands, and is obliged to run till 8 o'clock at night in order to fill their orders. It is an institution that is today advertising this city in every civilized portion of the globe, and that Janesville cannot afford to part with it is too well known a fact to need comment. The one great drawback that is now hindering them is the lack of room.

In their present quarters in the Opera House block at the corner of Bluff and Milwaukee streets, they find that both their factory and offices are too small to accommodate their increasing business, and that they will soon move to more roomy quarters is an assured fact. As soon as new quarters are obtained the firm intend to add a new line to their business. They propose to manufacture ink, typewriter ribbons and paste. This will mean the adding of many more hands, and will increase their present force to nearly a hundred.

The local firm do not want it understood that they are looking for a bonus to remain in Janesville, and it was only on being confronted with the facts that they admitted to a Gazette representative that they had received and now have under consideration the Oshkosh proposition.

LOOPHOLES ARE IN GOOD DEMAND

SPAIN SEEKS ESCAPE FROM RESULTS OF HER DEFEAT.

Delays Completing the Treaty of Peace On Various Pretexts—Havana Is Assuming the Airs of an American City—No Congressional War Inquiry Probable.

Washington, Dec. 3.—[Special]—It is very evident that Spain is seeking to delay as long as possible the fate that is awaiting her. The commissioners at Paris are using every endeavor to postpone a settlement of the difficulties with the United States, in the hope that something will turn up to mitigate in a measure her humiliation. The administration here is becoming restive over the matter. It is desired by the president that the matters at issue be settled, as far as the peace commission can settle them, as speedily as possible, so that congress may be able to take the treaty up early in the session. It is not now expected that the treaty can be placed before congress earlier than the first week in January. There will be little delay in ratification, it is believed, as the treaty as agreed upon thus far is based upon the strict letter of the protocol except as to the disposition of the Philippines, and in regard to them more has been conceded to the United States than any one had reasonable ground to hope for a month ago.

NO FURTHER INQUIRY LIKELY

Congress is Not Likely to Investigate the Conduct of the War

Washington, Dec. 3.—[Special]—There will probably be a congressional investigation of the conduct of the war with Spain, but it will be merely preliminary. It is the general opinion here that the war department commission has about exhausted the subject. Its inquiry into the conduct of the military camps was thorough and unmarked by favoritism, and the facts brought out will doubtless be embraced in a report that will be submitted to congress early in the session. Every one knows that mistakes in the location of some of the camps were made, but there is nothing to show that the officials were in any manner culpable. The errors were of judgment simply. A further inquiry is looked upon as needlessly expensive. No political capital is to be made out of it, and hence the democrats are not likely to press an investigation. Official reports show that there has never been such great a mobilization of troops in any part of the world which has been attended with as low a rate of mortality as that which marked the gathering of our volunteer army.

A HOT TIME IN PROSPECT

Bryan's Comedians Promise a Good Bill Next Week.

Bryan's comedians will offer to the Janesville public an excellent show next week at rates that will be within reach of all. The Marquette Mining Journal, in speaking of the entertainment says: "Taking it all in all the play was as hot as the present Spanish crisis, and the audience was well pleased with last night's performance. The singing, dancing and music of this company is especially fine and last night every member of the company exerted himself apparently to please the audience.

Just before the curtain went down on the last act the stars and stripes were displayed in the rear of the stage amid a chorus of voices and colored lights. The audience showed its appreciation of this patriotic act on the part of the company by a wild demonstration."

CHANGE OF VENUE ASKED FOR

Case of Harkin vs. Woodward Won't Be Tried in Janesville

Sutherland and Nolan, as attorneys for the plaintiff in the case of Harkin vs. Woodward, have filed an affidavit for a change of venue, and the case will in all probability not be tried in Rock county.

The plaintiff in this action is a detective who resides in Kenosha, who claims that Mr. Woodward, of Clinton, hired him to run down Charles Folsom, the Clinton fire bug, now behind state prison bars. Harkin claims that Woodward should pay him for his services, while Woodward claims that Harkin should look to the village for his pay.

PANAMA CANAL IS NOW FOR SALE

COMPANY WANTS THE UNITED STATES TO BUY IT.

An Official of Prominence Expresses His Opinion—We Can Do Better By Assisting the Nicaragua Project—Panama Route Is Too Unhealthy.

Washington, Dec. 3.—[Special]—The offer of the Panama Canal company to sell its incomplete ditch to the United States, causes amusement here. Said one prominent official today: "Some people imagine that because we have taken Porto Rico and the Philippines from Spain we want the earth. The facts about the Panama canal are too well known to deceive the poorest bargain hunter in the world. Several gigantic moneyed corporations have already been made bankrupt by endeavoring to make a success of it. Our best engineers pronounce the route impracticable. Even if it should be made passable for ships the soil is such that it would fill the channel up at least twice a year, and it would acquire a standing appropriation of millions annually to keep it in condition. Besides, the region is fever-infected, and those passing through a canal in that region would be subject to disease that would either prove fatal or permanently prostrating.

"We don't want the Panama canal. If any waterway is to be built connecting the Atlantic with the Pacific, it will be over the Nicaragua route, which is a little longer but far more healthful and feasible.

"I believe that the prospects of the Nicaragua canal have been greatly improved by the late war. We want easier communication with our new possessions in the Pacific—Hawaii and the Philippines—and an American company constructing the Nicaragua canal would, I believe, secure substantial aid from congress. But as for the Panama route, we don't want it as a gift; far less do we want to pay an exorbitant price for it."

LYING ON BEAM ENDS

British Steamer Londonia Wrecked and Abandoned Far Out at Sea.

London, Dec. 3.—[Special]—The British steamer King Arthur has just arrived at Demarra with a report that on Tuesday she sighted the steamer London lying on her beam ends far out at sea. All her boats were gone, and there was not a sign of life.

The Londonia was a four master steel vessel, and carried a crew of forty men. The cargo was valued at \$800,000. Anxiety was felt here for the safety of the ship for the past few days, as she was overdue at Liverpool today, having sailed from Boston for London Nov. 15.

WISCONSIN'S OFFICIAL VOTE

Gov. Scofield's Plurality Falls Up to a Total 38,737.

Milwaukee, Wis., Dec. 3.—The official figures on the late election, showing the vote on state officers, were given out today in complete form. The vote cast for Jesse Stone, candidate for lieutenant governor, was 180,033, exceeding Scofield's plurality over Sawyer by 6,969. Stone's plurality over P. V. Deuster, his democratic opponent, was 54,118, which is 15,376 greater than Scofield's plurality over Sawyer. The highest number of votes was received by J. O. STIRRING UP THE CHURCHES

Congregational Ministers Are Anxious to Stimulate Religious Endeavor

Janesville was represented at Madison this week at the call of the executive committee of the Wisconsin Congregational Home Missionary society, about forty of the leading clergymen and laymen of Wisconsin coming together Thursday to consider the question of making this state, which has been afflicted in its religious work by eastern churches for many years, self-supporting. The forenoon was occupied in an informal conference to the present situation and some of the possible methods for increasing home missionary collections.

PAID GOODLY SUMS LIKE RE-PUBLICANS.

Claude J. Hendricks, the Defeated District Attorney, Parted With \$66.27 In a Hopeless Cause—Charles C. Russell Managed to Get Rid of \$28.50—Candidates to Hear From.

Democrats as well as republicans who took an active part in the late county election are filing their expense accounts at the office of Register of Deeds O. D. Rowe, in compliance with the state law. Their expenses differ some from those of the republicans who ran for the same offices.

Claude J. Hendricks as district attorney nominee on the democratic ticket, paid out \$66.27, and was then defeated, against \$27.35 that it cost District Attorney Jackson to secure the office.

Charles C. Russell, democratic nominee for assemblyman of the First district, went down in his pocket for \$27.50, which included a ten dollar bill that he paid to the county committee.

A. Enger, republican nominee for assemblyman of the second district, paid out \$20.12, while County Clerk McIntyre was satisfied to part with \$4.44.

Perry Brown had such a snap on the county surveyorship that he never parted with even as much as a single copper, and in this respect he is probably the only politician running for office in the entire county that is so blessed.

BRACE TELLS OF TORTURE

Young Lady Crippled by Severe Hospital Treatment—Now Well Again.

In the corner of an office in this city, covered with dust and already commencing to show signs of age and disuse, is a crutch and steel brace.

Could they speak, they would tell a tale of suffering that would parallel the days of the inquisition.

A young girl in the prime of life, healthy and rugged, with bright red cheeks full of vigor and ready to enjoy any pastime so pleasurable to youth, from a game of tennis to a long spin over the country roads on her wheel, was stricken with that implacable disease, inflammatory rheumatism. Sharp pain commenced in the right knee cap and in the course of a short time the cords were drawn to such a tension as to double the limb almost at right angles and in this position the knee joint became ankylosed and a condition of the muscular tissues ensued. The anxious father called in the best medical advice and everything known to medicine was done to restore the use of the limb but to no avail.

Through the advice of a noted physician she was sent to a hospital to undergo a course of treatment. There it was thought advisable to place the limb in a steel brace in an effort to straighten it. This was done moving it a little frequently by the aid of thumb screws. So painful was this mode of treatment that the poor girl was kept continually under the influence of morphine and instead of growing better she became steadily worse. The increased strain upon the tendons at the hip joint finally threw that out of place and the physicians gave her up as a cripple for life. She had been an inmate of the hospital for over a year, had lost all hope of ever touching her foot to the ground again and had nothing to look forward too but crutches. It was at this vital juncture that a friend urged her to try osteopathy and recommended her to Louise P. Crow, D. O., who was then at Minneapolis. She was carried to that city and when the osteopath removed to Janesville the young lady came with her. After eight months and several days she left her home entirely cured and is today earnest and fervid in the praises of osteopathy. The accompanying letter will be read with interest.

Hotel Richmond, Minneapolis, Minn.
To Whom It May Concern: Having been restored to perfect health and

case before the public that they may know of the efficiency of osteopathy as a rational treatment of disease, and of Dr. Crow as a skillful and successful operator.

After a severe attack of inflammatory rheumatism, I found myself with an even more severe case of ankylosis of the knee joint. My hip was sub-dislocated, the ankle somewhat stiffened, and the cords of the knee so contracted that my leg formed a right angle, and the foot being so drawn that it lacked several inches of touching the floor. The knee cap was displaced and adhered to the shin bone, and the entire knee enlarged and perfectly stiff.

I was taken to a prominent sanitarium, when medication, baths, massage, hot air, electricity and a cast were tried unavailingly, whereupon a brace was resorted to. That also proved ineffectual and after having six painful and equally useless operations in the course of seven months, I left the hospital, (on crutches) and applied to Dr. Crow for treatment, and when a month had passed I showed slight signs of improvement. I continued the treatment and the treatment continued the improvement, until at the end of four months, much to my delight, I found myself walking with a cane. I continued to gain and at last, after being lame for two years, found myself entirely restored after having been labelled "Incurable."

Since then I have recommended Oste

THE MOTH AND THE FLAME

A Drama of Great Merit by the Kecey-Shannon Company.

The engagement of the Kecey-Shannon company at the Myers Grand on Monday night will undoubtedly be a brilliant event. There is a very pleasant anticipation in the appearance of the Kecey-Shannon company in Clyde Fitch's new play "The Moth and the Flame." Mr. Fitch has won a very high place in the estimation of theatre goers through the success which has attended this new play, which is declared to be in many respects the most faithful picture of American life yet written. It is admirably handled by the company headed by Mr. Herbert Kecey and Miss Effie Shannon. These two players scarcely need any introduction to Janesville theatre-goers. They have always been associated with the very best American companies and have been engaged in the presentation of plays whose refinement and charming gentility appeal to the very best class of theatre-goers. They have surrounded themselves with an excellent company of players, whose efficiency and ability have been favorably compared with the leading New York stock companies.

Mr. Fitch's new play deals with modern New York society life, as it is seen among that division of the "400" known as the "smart set." It is said that he has cleverly shown its foibles and pleasures as well as its bitterness

While under Dr. Crow's care I was cured of sciatica; so having had such an extensive experience I feel that I may be pardoned for being an enthusiast in the broadest sense of the word, and take great delight in recommending both the science of Osteopathy and the skill of Dr. Crow to the public.

Remember

Hood's Sarsaparilla is America's Greatest Medicine for the Blood and the

and sorrows. They are brought out in decisive contrast in scenes of marked dramatic force and delicious comedy. The scene of the first act is in the home of a wealthy New Yorker on the night of a fantastical social function. The guests are all attired in fancy children's costumes, after the fashion set by a well known New York artist a couple of years ago, and which has since been much in vogue among the very fashionable New Yorkers. In the height of the merry-making it is disclosed that the heroine's father has been speculating and losing funds entrusted to him. Overwhelmed with fear and remorse he retires to his own room and kills himself.

His daughter, Marion, a charming society girl but of a very serious frame of mind, has consented to be the wife of Edward Fletcher, who is young, handsome and rich, but who is regarded as a scoundrel on account of several shady love affairs in the past. He has won Marion's love largely through the fact that others are always accusing him. He proves himself a friend in the family's hour of need, and a year later leads Marion to the altar. The wedding ceremony takes place in the chapel of a fashionable New York church and is interrupted by the appearance of a young woman who accuses Fletcher of wronging her in the past. The rest of the story is very ingeniously developed, the end being closely concealed until the final curtain.

When you ask for De Witt's Witch Hazel Salve don't accept a counterfeit or imitation. There are more cases of piles being cured by this than all others combined. Sold by People's Drug Co.

DANCING PUBLIC WORRIED

What Will Become of the Armory Remains to be Seen

There is much speculation these days as to what will become of the Armory, which for years past and is today considered one of the finest dance halls in the state. That it has not been a good paying investment to the owners of the building of late years is a well known fact. Dennis Hayes, part owner, has been approached on the question of renting it to the local firm of Bassett & Echlin, who would turn it into a harness factory. Mr. Hayes' reply was that he would prefer to wait for the present and see if he could not rent it to the new military company which promises soon to be organized here. Just what will become of this favorite hall remains now to be seen.

EPISCOPALIANS OBJECT.

Protest Against Methods Used by Iowa
Diocese in Electing Morrison.

Omaha, Neb., Dec. 3.—Dr. Morrison's election to be bishop of the diocese of Iowa, after Dr. Green had been formally recommended by the diocesan council, is opposed by the clergy of the Episcopal faith in Omaha. At a meeting of the clergies Thursday, at which all the priests of that faith were present, the following resolution was adopted:

"Resolved, That we emphatically protest against the scandalous and un-Christian methods adopted in the recent election in the diocese of Iowa.

"Resolved, That we respectfully, but urgently, call on the bishop and standing committees of the church to put down such iniquity in elections as refusing their confirmation of the results of such conventions, and in particular of the recent one in Iowa.

"Resolved, That copies of these resolutions be forwarded to the editors of the Living Church, Church-Standard and Churchman for immediate publication."

Pingree Leads His Ticket.

Lansing, Mich., Dec. 3.—Official returns from every county in Michigan except Saginaw and Monroe show that at the recent election Gov. Pingree led the republican state ticket by about 3,000, his plurality, with the missing counties not counted, being 73,391. Lieut. Gov. Robinson has a plurality of 67,506; Secretary of State Stearns 66,637, and Treasurer Steele 60,053. The two missing counties will increase Gov. Pingree's plurality by several hundred. His plurality nearly approximates that given him in the presidential year of 1896, when it reached 33,409. The highest plurality ever given a nominee for governor in Michigan was that of 106,392 for John T. Rich in 1894.

Robbers Loot a Bank Safe.

Auburn, Ind., Dec. 3.—The private bank of Chadwick, Rorsburg & Co. at Pleasant Lake was robbed Thursday night of over \$1,000. Five men drove into the town after dark, broke open the bank door, wrapped the night watchman in a blanket and tied him to a post. Three of them then turned their attention to the safe and the others looted the company's store. Besides the banker's money, special deposits amounting to several hundred dollars and the postmaster's money and stamps were taken from the safe. An armed posse is following the trail of the thieves.

Moscow, Dec. 3.—The czar has contributed 500,000 rubles to the famine-stricken peasants of Asiatic Russia.

Late to bed and early to rise, prepares a man for his home in the skies. Be early to bed and a Little Early Riser the pill that makes life longer, and better and wiser.

Healthy, Happy Girls

often, from no apparent cause, become languid and despondent in the early days of their womanhood. They drag along, always tired, never hungry, breathless and with a palpitating heart after slight exercise so that merely to walk up stairs is exhausting. Sometimes a short, dry cough leads to the fear that they are "going into consumption."

They are anæmic, doctors tell them, which means that they have too little blood. Are you like that? Have you too little blood?

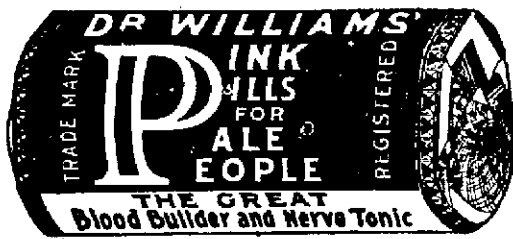

More anæmic people have been made strong, hungry, energetic men and women by the use of Dr. Williams' Pink Pills for Pale People than by any other means. They are the best tonic in the world.

Miss Lulu Stevens, of Gasport, Niagara Co., N. Y., had been a very healthy girl until about a year ago, when she grew weak and pale. She lost her appetite, was as tired in the morning as on retiring, and lost flesh until she became so emaciated that her friends hardly knew her. The doctors declared the disease anæmia, and gave her up to die. A physician who was visiting in Gasport prevailed upon her to try Dr. Williams' Pink Pills for Pale People. She did so, and was benefited at once. She is now well and strong—the very picture of health.

—Buffalo (N. Y.) Courier.

CAUTION: Most druggists are reliable. Some are not. If a dealer tells you he has something "just as good" as Dr. Williams' Pink Pills for Pale People, he is unreliable. Insist on having the genuine. Sold only in packages like this.

Style In Jackets

is one of their most important features. No matter how fine the material, how perfect the fit, how excellent the tailoring, if the garment lacks style—lacking this it lacks everything. Our garments have all the good points mentioned above and plenty of style. They come from a maker who is noted for sending out the most fetching creations, and his line for this season is par excellence.

Six sample lines of Coats and Capes have lately been added to the already excellent showing, and on anything in the garment line we know that we stand alone. Controlling so many sample lines enables us to save you one-third—worth looking after I guess.

Millinery

is cheaper here now than earlier in the season. and it was cheaper here than in other stores. Consequently we are offering millinery values which should challenge the attention of all late buyers. A recent visit to the market secured many mid season novelties as well as some very special values in all lines.

THIS DAY IN HISTORY.

1688—Flight of King James II of England from his palace; British revolution.
1800—Battle of Hohenlinden; defeat of the Austrians by the French under Moreau. Hohenlinden closed the list of the great battles of the eighteenth century. The Austrians attempted to surprise the French camp by an all night march, but Moreau saw through the design and risked all to thwart it. Five of his divisions marched around the Austrian flank, while two stood under arms to receive the attack in the morning. When the Austrians emerged from a sheltering woods upon the snow covered plains along the far, Moreau shouted to his marshals, "The time has come to charge!" The slaughter was terrible. Campbell's poem does not overdraw the picture. Over 8,000 were killed and wounded.
1826—General George Brinton McClellan born in Philadelphia; died 1855 near Orange, N. J.
1855—Robert Montgomery, British poet, died; born 1807.

SOCIETIES HOLD ANNUAL SESSIONS

ODD FELLOWS AND OLD SOLDIERS CHOOSE OFFICERS.

Medical And Legal Gentlemen Discuss Injuries in Various Aspects—Much Interest is Manifested in a Matter That Concerns Every Taxpayer in Janesville.

The election of officers of Rock River Encampment No. 3, I. O. O. F. took place last evening, when the following were chosen:

Obier Patriarch—W. H. Parish.
High Priest—F. L. Smith.
Senior Warden—L. T. Clark.
Scribe—J. L. Davey.
Treasurer—W. H. Burchell.
Financial Scribe—A. H. Taylor.
Junior Warden—T. H. D. Bidwell.
Trustee for three years—L. M. Nelson.

Charles Burgess, Charles Jellyman, Walter Kerry, Walter Rice and Reese Grosselore received the Royal Purple degree, after which a banquet was held. Among the visitors present was a delegation from Brodhead composed of Ira C. Harris and A. L. Giesy, of White-water; E. M. Towle, O. G. Griffith, A. R. Blunt, W. T. Walker, Joshua Trant, J. A. Bly, H. A. Shreve, Ed. Boltz, S. M. Gammon, of Evansville; and J. A. Young.

Y. M. C. A. Band Concert.

The concert given last evening by the Y. M. C. A. band was largely attended, and from an artistic standpoint was equal to the best the organization has ever achieved. The instrumental number showed the effects of painstaking practice. The singing of Miss Alice Sovereign, of Rockford, made a hit. She has a voice of great purity of quality which is well cultivated and controlled, and her manner is most engaging. Her accompanist, Miss Mabel Lewis, was fully equal to the requirements. "The Carnival of Venice," as rendered by Walter Clark, was an excellent piece of instrumental work, which proved him to be a musician of more than ordinary capabilities. It was more than ever apparent last evening that the band contains material capable of a high degree of development. All that is needed is diligent and intelligent practice.

Just before the last number F. F. Lewis, in behalf of the band, thanked the audience for the liberal patronage and support given, and said that while the proceeds of the concert would probably not free the band entirely from debt it would help them well along on their way out of the woods.

Grand Army Election.

The annual election of W. H. Sargent Post No. 20, G. A. R., took place at Post Hall last night, when the following officers were chosen:

Senior Vice Commander—E. O. Kimberley.
Junior Vice Commander—W. J. McIntyre.

Quartermaster—C. J. Schottle.
Surgeon—Dr. J. B. Whiting.
Chaplain—W. G. Palmer.
Officer of the Day—J. L. Bear.
Officer of the Guard—John Lawler.
Trustee for three years—J. G. Wray.
Delegates to the Department encampment to be held in Milwaukee—W. J. McIntyre, L. S. Hillabrandt.
Alternates—Martin Halverson and A. Gsell.

Doctors and Lawyers

The Rock County Medical society had a profitable meeting last evening, when the subject of "Injuries and their Medical Aspect" was considered. Several prominent attorneys were present to shed the light of their legal acumen upon the subject, and the discussion proved edifying as well as interesting.

Dr. S. B. Buckmaster spoke on "Pathological History of Disease From Slight Physical Shock Resulting in Insanity," taking the place of Dr. M. A. Cunningham, who was unavoidably absent. Other topics were briefly but ably handled by Dr. J. B. Whiting, Dr. E. E. Loomis, Dr. H. Speier, M. G. Jeffris and A. A. Jackson made addresses on various aspects of the question at issue, all of which were scholarly and claimed the closest attention.

Four new members were admitted, and although the hour was late when the meeting had concluded there was a pleasant interchange of courtesies at its close.

"It is a delicious novelty and very grateful to the palate. I found, about midway in my second dish, that I had sufficient for a meal and realized for the first time that I was eating a condensed food that supplies one's wants with a few spoonfuls and does not require anything like the volume to furnish the amount of food required, as when any of the ordinary forms of cereals are served. Grape-Nuts are an elegant food and the Postum Cereal Co. Ltd., are to be congratulated upon the discovery," said a well known fancy

SHERIFF CLOSES NOVELTY FACTORY

THE FIRST NATIONAL BANK INTERESTED.

Institution Obligated to Close On Account of Slack Business of Late—Chattel Mortgage Will Foot Up Between \$700 and \$800—May Not Resume Business.

Sheriff Acheson is in possession of the local factory of the Northwestern Novelty company, located in the Woodruff building at 166 North Franklin street. On a chattel mortgage held by the First National bank of this city, the factory was closed, the amount of such mortgage being between \$700 and \$800.

The closing of the factory in this sudden manner is due to the slack business of late. Several years ago this company enjoyed a thriving business, and its trade extended to all portions of the country. At that time the factory started in the Norcross block on South River street, and afterwards moved to its present location. Its specialty has been the manufacture of many novelties, the greater portion of which were used for advertising purposes by business firms.

Among the articles made by the local firm were many styles of martles, arrow shooters and rulers.

In speaking of the present difficulty a person interested said today: "Poor business of late has brought the present trouble on the Northwestern Novelty Company. When it first moved to its present location it employed many hands and for a time all looked very promising. Of late business got slack, with the present results. Whether or not the company will resume work remains to be seen."

The present stock and fixtures are in possession of the sheriff, who will sell them at public auction on the morning of Dec. 8.

Fred M. Hanchett and James W. Clark, of this city, are the main owners and managers of the insolvent company.

Have warned us that we are to have a long cold winter. A long-felt want is a Weather Strip that is durable, effective and cheap. The improved

Common Sense Weather Strip

Combines all of these qualities. It is made wholly of wood, and when applied it becomes a part of your building, permanent and lasting as are your doors and windows. By using this Weather Strip you make your buildings warm and comfortable also making a great saving of fuel, soon saving its cost. Nearly all the cold air that gets into our homes is forced in around the doors and windows, the cold air on the outside being many times heavier than the warmer air on the inside, it is forced in through every little crack and crevice much as water would be if the house was submerged, thus it is going on continually, and we must have expensive fuel to offset the effect. Testimonials by the thousand could be shown, attesting to its merits, but we believe that a test under your own observation will prove more convincing to you than a book full of testimonials of persons that are unknown to you.

Give it a trial, if only a door or window, to convince you of its merits, so that your verdict may be recorded with that of others who have tested it. Orders can be left at

MADE MONEY SHOWING SNAKES

Happy Jack and His Wife Spent The Afternoon In Janesville.

William E. Lathrop, a man with several natural long flowing locks attached to his scalp, arrived in town this noon driving a canvass covered wagon that bore the following printed inscription: "Happy Jack's Wild West."

Four horses accompanied the outfit as well as several dogs. Mrs. Lathrop was the sole companion of her husband, and to a Gazette man she said:

"We have been over in Michigan attending the street fairs. We live in Jackson county, Iowa, and when we left for Michigan we had our wagon well loaded down with western snakes which we exhibited. Several days ago we shipped them home on account of the cold weather, and now we are on our way back. We made money."

The wagon contained a stove and there Lathrop and his wife will live till they reach home."

Scorpion Is Missing.

New York, Dec. 3.—Keen anxiety is felt for the safety of the gunboat Scorpion. The vessel sailed from Havana for this port last Sunday, and, being speedy, she should have arrived here last Wednesday evening, or Thursday morning at the latest. Up to midnight last night nothing had been heard from her. There is some talk that the armament of the vessel is so heavy as to make her unsafe in a gale.

Chicago, Dec. 3.—The Western Baseball league stands secure in its circuit. Buffalo yesterday sent in articles binding it to that organization for next year. This means Toronto, too. WINE OF CARDUI

Woman's Crowning Virtue.

BRITON, Mo., July 27.

For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did many work, which I had not done in seven years.

MRS. MINNIE LITTLE.

Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

WHY USE

POND'S EXTRACT OINTMENT IS UNEQUALLED FOR PILES.

Pond's Extract

Why not something else?

Because

DR. J. J. THOMAS says: "It is incomparably superior to any extract of Hamamelis I have ever used."

DR. O. G. RANDALL says: "Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best."

DR. J. C. MITCHELL says: "Pond's Extract of Hamamelis Virginia is the only reliable article I have found."

DR. H. K. WEILER says: "The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar."

AN UNMATCHABLE OFFER

\$16.50 Overcoats
For
\$10.00

**This Sale Opens Saturday

\$16.50 Overcoats
For
\$10.00

Of all the remarkable value sales in Clothing we have yet offered— and you will agree with us there have been not a few—this \$10.00 Overcoat bargain is head and shoulders above them all. We were able to secure by a lucky stroke FORTY OF THESE COATS. They are fine all wool Kerseys in the fashionable blues and browns, the latest full box back cut and stylish length, with the best quality velvet collar. The coat is made with raw edges, with double width stitch lap seams so fashionable in men's garments. The linings are of extra heavy strap cloth and have the appearance of satin inner lining; but are more durable than satin, Italian or serge. The sleeve linings are of fancy stripe wire cloth and are guaranteed to outwear any satin made!

We Positively Guarantee

That the body lining of these Coats will not wear or break out with the season's wear. If they do we will replace them without charge. THE FRENCH FACING in these Coats is seldom found in any but high priced garments. The kersey extends inside over the shoulders giving greater warmth and better fit around the front than otherwise. ONE OF THE GREATEST CLAIMS FOR THESE COATS IS THEIR SUPERIOR FITTING QUALITIES. They hang and fit as well as any of our \$20.00 and \$25.00 Coats. They do not have the appearance of the usual \$10.00 Coat, and are equal in every way to any \$15.00 to \$16.50 Coat to be found anywhere. They are made up fashionably in every detail. There are but three pockets outside, two large ones and a match pocket inside; there are two with buttoned lapels. Any purchaser of one of these Coats we will allow to take the garment and compare it with any Coat offered at the price. If it is not superior in every way and you are not thoroughly satisfied we will refund the money. We were only able to secure forty of them, and, believe us, they are the greatest bargains we ever offered.
